

Statistics of the competition

In the competition 28 proposals were submitted, the applicants of which representing 9 Faculties of JU.

One applicant was not entitled to submit an application in this competition (the proposal was rejected), and all other applications had formal faults, therefore, by the decision of the competition committee, they were returned for formal correction.

After the formal correction, 14 applications were submitted for expert evaluation (stage II of the competition), and of these, 13 projects were then submitted for evaluation by external reviewers (stage III of the competition).

Finally, the experts based on the reviews positively recommended all 13 applications (stage IV).
